WATERWAY.

Waterway is founded on the belief that exceptional spaces begin with the right formula. Through thoughtful design, prime locations, and an uncompromising commitment to quality, we create developments that stand the test of time.

W55 is the next chapter in that journey —the biggest, the boldest, and an icon in its own right. A central park at its heart, a lake and circular bridge as its landmark, and unmatched facilities throughout. Every single unit looks out over it all. This is not just a new project. It’s a new benchmark.

The Masterplan

W55 is a uniquely **contoured, multi-level development** where architecture and landscape merge to create an elevated urban experience.

It features **two levels of underground see-through parking**, ensuring seamless accessibility.

Administrative offices and workspaces are fully connected to all key amenities, including internal plazas, the central park, the lake, and the iconic circular bridge —bringing convenience, connectivity, and lifestyle together in one cohesive environment.

The Facilities

W55 offers a vibrant lifestyle shaped by nature, comfort, and connection.

At its heart, a lush central park and a serene lake create a refreshing view —while thoughtfully integrated within the residential, commercial, and leisure spaces.

CENTRAL PARK

A **40,233 M²** park between the commercial, hospitality, and residential zones, it enhances harmony and flow throughout the entire project.

THE LAKE

A **10,938 M²** lake which offers a refreshing natural escape while enhancing connectivity across the entire project.

CIRCULAR BRIDGE

An iconic circular bridge, seamlessly connecting all sectors into one unified, accessible experience.
